Announcement

Revision of Repair and Calibration Fee

Thank you for your continued support of Malcom products.

This is an announcement concerning revision of Repair and Calibration Fee.

We have made the cost savings, and have been making efforts to keep the price of repair and calibration services.

However, fluctuations of foreign currency exchange rates, the increase of expenses and etc. unables for us to maintain current price.

Therefore, starting from 1 May 2015, we will revise the price as below.

1. The basic technical fee on repair service will be revised.
2. When doing both repair and calibration, repair technical fee and calibration fee will be charged.
3. Cancellation fee will be also revised.

If you have any questions or need clarification, please feel free to contact us.

Thank you

A handwritten signature in black ink, appearing to be "Shinji Yatabe", written over a horizontal line.
